

# Train @ Home

**Don't let COVID-19 impact your ability to continue your training!**

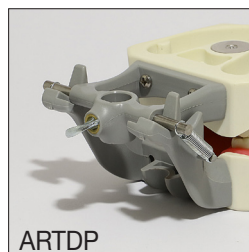

One Dental are a major supplier to dental schools and students and we already supply simulation packs for at home use and a variety of items in our dedicated vending machines.

Here are some of our products that we have tailored to help you continue your training at home.

**Mount Pack: (you already have a model from us)**

Hinge/Articulator for Model (ARTDP), Bench Mount (ODBM)  
Or Head Rest Mount (ODHM2ND)

See how to set up your model on our mount,  
by clicking on the link below  
<https://www.youtube.com/watch?v=NoSvuPjqbjo>

ARTDP

ODBM

**Dental Unit Pack: (you need a unit for home simulation use)**

Dental Unit – for simulation use. Includes high speed, slow speed handpieces,  
suction and triplex in a portable case (DU0012)  
Head Rest mount or bench mount (ODHM2ND/ODBM)

DU0012

**Wax carving pack:**

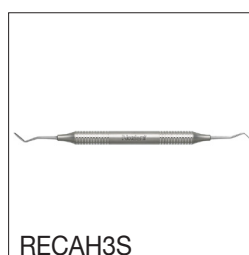

Set of 5 prep teeth (PREPSET) with 2 blocks of wax available in Cream or Blue (VWAX20/WAXB),  
Hollenback carver (RECAH3S) and wax knife (EXKWAX). **Torches also available**

B189-1002

VWAX20

RECAH3S

EXKWAX

### Suture Training Pack:

Suture Pad with single pack of suture & straight Hemostats (ODSUTKITS)  
 Suture Pad with single pack of suture & curved Hemostats (ODSUTKITC)

### Local Anaesthesia Training Pack:

Local Anaesthesia Manikin with Bench Mount and Dental Syringe (LAMANBM)  
 Local Anaesthesia Manikin with Head Rest Mount and Dental Syringe (LAMANHR)

We have Paedo, Adult and Perio models which you can couple with a mount to allow you to continue to practise your indirect vision.

A range of teeth can be inserted into these models including prep teeth which allow you to fill with wax and carve your tooth morphology, again ideal for practising on a mount for indirect vision, finger positioning etc.

DentaPracs enable you to cut in a simulation environment and fill, measure and carve back on the bench top or in a manikin

We also have materials such as composite, flowable composite, burs etc in student pack sizes

Simple visit our website and click on **DENTAL EDUCATION** or contact us so we can tailor a pack for you.
